Wordly Wise has been popular with educators for over 30 years. Students acquire important skills, such as using a glossary and dictionary. Activities and word games appear in each lesson to reinforce new words.

These resource books for teachers provide strategies and tools to help your students get the most out of each vocabulary lesson. Divided into easy-to-navigate sections rather than holistic lessons (e.g. answer key, lesson review, lesson review answers), the first portion provides the teacher with the latest in vocabulary research, as well as strategies and techniques for teaching a sample lesson. The remainder of each book is divided into sections for the student book answer key, lesson review exercises (which may be used as extension/review/alternatives), lesson review answer key, tests, the test answer key, and a word list on the inside back cover.

This answer key accompanies the sold-separately Wordly Wise 3000, Book 10, 3rd Edition. Answers for each lesson are included; passages are given full-sentence answers and puzzle/hidden message exercises are reproduced with the correct answers filled in. Paperback.

A solid vocabulary is crucial for testing, writing, and the precise communication required by daily life. Using a contextual approach, Wordly Wise 3000 students are taught to say unfamiliar words and identify any possible similarities to other words, use the word in context, break the word down into parts, and finally look it up. Three thousand carefully selected words taken from literature, textbooks, and SAT-prep books form the backbone of this vocabulary series. Each lesson begins with a Word List that includes pronunciations, parts of speech, and concise definitions, and uses each word in an interesting, contextual, sentence. Wordly Wise 3000, Book 7 is made up of 20 lessons with 15 words in each lesson. In Book 7, vocabulary instruction focuses on preparing students with strategies to unlock the meaning of words they will encounter in content area texts, literature, and high-stakes tests. Comprehension of the vocabulary words is facilitated and reinforced through Greek and Latin word studies with an emphasis on prefixes, suffixes, parts of speech, synonyms, antonyms, and analogies. This third edition features the same word lists as the second edition, however, the passages and questions that follow the passages have been updated and assigned measures from The Lexile Framework for Reading. Wordly Wise 3000, 3rd Edition is not compatible with 2nd Edition teacher's guides and resources. Wordly Wise 3000, Book 7 contains 20 lessons; words taught in book 7 include: flabbergast, formidable, grueling, illustrious, lavish, maneuver, naive, perturb, replenish, smolder, ungainly, vulnerable and more. 216 two-tone pages, softcover.
