Robotics, Proceedings of the VIIth GSCP International Conference. Speech and Corpora, Spoken Corpora and Linguistic Studies, Raizes Italianas Do Movimento Antimanicomial,, Pragmatics and Prosody, Agricultural Research Centres, Agricultural Research Centres, Agricultural Research Centres, Revista da Universidade Federal de Minas Gerais, Transitos e Deslocamentos

This book constitutes the refereed proceedings of the Joint Conference on Robotics, LARS, SBR, Robocontrol 2014, held in São Carlos, Brazil, in October 2014. The 8 revised full papers presented were carefully reviewed and selected from 76 submissions. The selected papers present a complete and solid reference of the state-of-the-art of intelligent robotics and automation research, covering the following areas: autonomous mobile robots, tele-operated and telepresence robots, human-robot interaction, trajectory control for mobile robots, autonomous vehicles, service-oriented robotic systems, semantic mapping, environment mapping, visual odometry, applications of RGB-D sensors, humanoid and biped robots, Robocup soccer robots, robot control, path planning, multiple vehicles and teams of robots.

The authors of this book share a common interest in the following topics: the importance of corpora compilation for the empirical study of human language; the importance of pragmatic categories such as emotion, attitude, illocution and information structure in linguistic theory; and a passionate belief in the central role of prosody for the analysis of speech. Four distinct sections (spoken corpora compilation; spoken corpora annotation; prosody; and syntax and information structure) give the book the structure in which the authors present innovative methodologies that focus on the compilation of third generation spoken corpora; multilevel spoken corpora annotation and its functions; and additionally a debate is initiated about the reference unit in the study of spoken language via information structure. The book is accompanied by a web site with a rich array of audio/video files. The web site can be found at the following address: DOI: 10.1075/scl.61.media

A intenção deste livro é recuperar a história do movimento antimanicomial italiano através da identificação de seus principais atores sociais, acontecimentos e proposições. Buscam-se nos anos 1960 e 1970 os marcos de origem e os primeiros frutos desse vig

Conteúdo: Internarional Albania to Libya.
