As an internationally known abstinence advocate and sought-after speaker, she talks to more than 500,000 students a year about abstinence and sexuality. Here, she frankly, humorously, and passionately shares her principles with teens for staying pure until marriage, while equipping them with the life skills necessary to be responsible and successful. Through her four-phase Decision-Making Model, young people will understand the principles of self-control, self-discipline, delayed gratification, and achieving their dreams. They'll be ready to establish healthy dating relationships and clearly defined boundaries for physical intimacy, while understanding and valuing marriage. The eight-session companion DVD, a leader's guide and student guides will make this resource perfect for small-group use.

Are you sick and tired of trying to make your relationships work? Have you had enough of putting your own needs and desires on the back burner while you try to fulfill those of someone else? Here's the reality of the situation: dating is not about trying to make things work, and it's not about putting off the things you want. What dating is all about is finding the person who is the best match for you. The problem is that too many people aren't willing to get naked, that is, to be honest with themselves and with their prospective mates. They hide who they really are inside, become frustrated with their partners, and then the relationship ends up on the rocks. Imagine how easy dating would be if you knew exactly who you were dating from the get-go, and

the other person knew the same thing. In this informative book, dating expert David Wygant takes you on a journey that will change your life forever. David will help you conquer your relationship fears and insecurities once and for all and attract the kind of people you want to meet, date, and build long-term relationships with. Being single and dating means that you have the freedom to meet the right person, and the power to finally get it right. Being single can be the most amazing adventure if you're willing to reveal the real you—both to yourself and to others. Within these pages, you will discover how to use the Law of Attraction in dating to your advantage, how to speak from your heart, how to understand exactly what you want out of life, and how to communicate honestly—with yourself and with your mate. By the time you're done reading, you'll be naked, too—and you'll be well on your way to finding your perfect partner.

"America's best book on making presentations strikes again." –Don E. Shultz, Northwestern University The smart, witty, nationally bestselling guide to public speaking. Hoff packs his book with funny and functional advice on how to overcome stage-fright and deliver the best possible speech for every occasion. *I CAN SEE YOU NAKED* will have you confidently facing a waiting audience—and, naked or not, they'll be hanging on your every word.

Here is a multidimensional playland of ideas from the world's most eccentric Nobel-Prize winning scientist. Kary Mullis is legendary for his invention of PCR, which redefined the world of DNA, genetics, and forensic science. He is also a surfer, a veteran of Berkeley in the sixties, and perhaps the only Nobel laureate to describe a possible encounter with aliens. A scientist of boundless curiosity, he refuses to accept any proposition based on secondhand or hearsay evidence, and always looks for the "money trail" when scientists make announcements. Mullis writes with passion and humor about a wide range of topics: from global warming to the O. J. Simpson trial, from poisonous spiders to HIV, from scientific method to astrology. *Dancing Naked in the Mind Field* challenges us to question the authority of scientific dogma even as it reveals the workings of an uncannily original scientific mind. From the Trade Paperback edition.
