The approach used by Hoyle, Schaefer, and Douplik in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 12e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future. The writing style of the eleven previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 12th edition includes an increased integration of IFRS as well as updated accounting standards.

Accounting: What The Numbers Mean, 5e, was written to meet the needs of non-accountants who want a basic understanding of financial statements, and who want to learn how to use accounting information in the financial decision-making process. The reader is introduced to basic concepts supporting financial statements and managerial accounting information. Students learn what financial statements do and do not communicate. A complete annual report is included in the appendix.

Close the gap between homework and exam performance with Warren/Reeve/Duchac's CORPORATE FINANCIAL ACCOUNTING 13E! Market-leading CORPORATE FINANCIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today's teaching and learning environment.

Warren/Reeve/Duchac's CORPORATE FINANCIAL ACCOUNTING 13e helps elevate student thinking with content that addresses each stage of the learning process from motivation to mastery. It motivates students to learn, provides practice opportunities to better prepare for exams, and helps students achieve mastery with tools to help them make connections and see the big picture. The Complete Learning System in CORPORATE FINANCIAL ACCOUNTING is built around the way students use textbooks to learn, study and complete homework, allowing them to achieve ultimate success in this course. The most significant changes for this edition involve the inclusion of the new revenue recognition standard. The end goal of Warren/Reeve/Duchac's CORPORATE FINANCIAL ACCOUNTING learning system is to elevate thinking and create more empowered and prepared students--ready to take on the rest of their educational and career goals. Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters.
