Kindred, Kindred, International Trade Law, The Displaced of Capital, Why I Read, Customers.com, Electronic Value Exchange, Bond Law Review, My Salinger Year, The Canadian law and practice of international trade with particular emphasis on export and import of goods and services

Dana, a modern black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

Dana, a Black woman, finds herself repeatedly transported to the antebellum South, where she must make sure that Rufus, the plantation owner's son, survives to father Dana's ancestor

"International Trade Law offers comprehensive analysis of international sale transactions through case law, policy documents, legislation, international conventions and rules adopted by international organisations such as the ICC."--

Winner of the 2005 Lenore Marshall Poetry Prize. The long-awaited follow-up to *The Key to the City*—a finalist for the National Book Critics Circle Award in 1986—Anne Winters's *The Displaced of Capital* emanates a quiet and authoritative passion for social justice, embodying the voice of a subtle, sophisticated conscience. The "displaced" in the book's title refers to the poor, the homeless, and the disenfranchised who populate New York, the city that serves at once as gritty backdrop, city of dreams, and urban nightmare. Winters also addresses the culturally, ethnically, and emotionally excluded and, in these politically sensitive poems, writes without sentimentality of a cityscape of tenements and immigrants, offering her poetry as a testament to the lives of have-nots. In the central poem, Winters witnesses the relationship between two women of disparate social classes whose friendship represents the poet's political convictions. With poems both powerful and musical, *The Displaced of Capital* marks Anne Winters's triumphant return and assures her standing as an essential New York poet.

"Wendy Lesser's extraordinary alertness, intelligence, and curiosity have made her one of America's most significant cultural critics," writes Stephen Greenblatt. In *Why I Read*, Lesser draws on a lifetime of pleasure reading and decades of editing one of the most distinguished literary magazines in the country, *The Threepenny Review*, to describe her love of literature. As Lesser writes in her prologue, "Reading can result in boredom or transcendence, rage or enthusiasm, depression or hilarity, empathy or contempt, depending on who you are and what the book is and how your life is shaping up at the moment you encounter it." Here the reader will discover a definition of literature that is as broad as it is broad-minded. In addition to novels and stories, Lesser explores plays, poems, and essays along with mysteries, science fiction, and memoirs. As she examines these works from such perspectives as "Character and Plot," "Novelty," "Grandeur and Intimacy," and "Authority," *Why I Read* sparks an overwhelming desire to put aside quotidian tasks in favor of reading. Lesser's passion for this pursuit resonates on every page, whether she is discussing the book as a physical object or a particular work's influence. "Reading literature is a way of reaching back to something bigger and older and different," she writes. "It can give you the feeling that you belong to the past as well as the present, and it can help you realize that your present will someday be someone else's past. This may be disheartening, but it can also be strangely consoling at times." A book in the spirit of E. M. Forster's *Aspects of the Novel* and Elizabeth Hardwick's *A View of My Own*, *Why I Read* is iconoclastic, conversational, and full of insight. It will delight those who are already avid readers as well as neophytes in search of sheer literary fun.

Electronic Value Exchange examines in detail the transformation of the VISA electronic payment system from a collection of non-integrated, localized, paper-based bank credit card programs into the cooperative, global, electronic value exchange network it is today. Topics and features: provides a history of the VISA system from the mid-1960s to the early 1980s; presents a historical narrative based on research gathered from personal documents and interviews with key actors; investigates, for the first time, both the technological and social infrastructures necessary for the VISA system to operate; supplies a detailed case study, highlighting the mutual shaping of technology and social relations, and the influence that earlier information processing practices have on the way firms adopt computers and telecommunications; examines how "gateways" in transactional networks can reinforce or undermine established social boundaries, and reviews the

establishment of trust in new payment devices.

Poignant, keenly observed, and irresistibly funny: a memoir about literary New York in the late nineties, a pre-digital world on the cusp of vanishing, where a young woman finds herself entangled with one of the last great figures of the century. At twenty-three, after leaving graduate school to pursue her dreams of becoming a poet, Joanna Rakoff moves to New York City and takes a job as assistant to the storied literary agent for J. D. Salinger. She spends her days in a plush, wood-paneled office, where Dictaphones and typewriters still reign and old-time agents doze at their desks after martini lunches. At night she goes home to the tiny, threadbare Williamsburg apartment she shares with her socialist boyfriend. Precariously balanced between glamour and poverty, surrounded by titanic personalities, and struggling to trust her own artistic instinct, Rakoff is tasked with answering Salinger's voluminous fan mail. But as she reads the candid, heart-wrenching letters from his readers around the world, she finds herself unable to type out the agency's decades-old form response. Instead, drawn inexorably into the emotional world of Salinger's devotees, she abandons the template and begins writing back. Over the course of the year, she finds her own voice by acting as Salinger's, on her own dangerous and liberating terms. Rakoff paints a vibrant portrait of a bright, hungry young woman navigating a heady and longed-for world, trying to square romantic aspirations with burgeoning self-awareness, the idea of a life with life itself. Charming and deeply moving, filled with electrifying glimpses of an American literary icon, *My Salinger Year* is the coming-of-age story of a talented writer. Above all, it is a testament to the universal power of books to shape our lives and awaken our true selves. From the Hardcover edition.
