The Man's Outrageous Demands, The Wilde Side, Escaping A Royal Wedding, Crazy for God, Mondo Nano, Parliamentary Debates; Official Report[s], Shakespeare Quarterly, Christmas at the Castle, The Life of R. H. Tawney, Railway Age Gazette

Royal obligations be damned! Sam Montrose was too much! Too arrogant, too irritating, too intelligent....too everything for Princess Marabeth's peace of mind. He would never do for a royal husband despite what everyone thinks! And oh why does that man always have to be around when she makes a fool of herself?! Too bad she can't keep herself out of his arms. To make matters worse, his touch only inflames her desire for the man to heights she's terrified of investigating.

In her novel Wilde Thing and novella "The Wilde One" from Bad Boys To Go, USA Today bestselling author Janelle Denison introduced two of the Wilde brothers--men who live up to their names in every respect. Now, get to know the tempting Scott Wilde. . .and discover why being bad can feel so very good. . . She's Tired Of Being Good. . . The last thing hotel heiress Ashley St. Claire wants for her thirtieth birthday is another boring set-up with a stuffed shirt with dollar signs in his eyes. Before settling down, Ashley wants one hot, erotic night with a man who'll let her be as shameless as she dares. A man like the one giving her body a long, slow appraisal at the bar and making no attempt to hide the fact that he likes what he sees. . . He Excels At Being Bad. . . It's bad manners to refuse a lady. And construction company owner Scott Wilde fully intends to oblige the stunning creature who has just asked him to be her birthday present. But he's unprepared for the way that raw passion leads to something much deeper. Ashley may be running scared, but Scott's got stamina. . .and he's determined to show Ashley just how delicious a lifetime of passion can be if she's willing to take a walk on the Wilde side with him. . .

First Story in the Cordova Royal Family Trilogy! Princess Anastasia Elisia Marquenda of Cordova is horrified when she is told that, despite a decade long betrothal, her wedding date to the arrogant, womanizing, domineering Prince Erik Marcus Phillips of Montbain is three weeks in the future! She decides that she should have a little freedom as well. Escaping from her gilded cage for only a few hours to purchase a cup of coffee is exciting. And when she runs into the most handsome man she's ever met in her life? It only gets better. Freedom, and love, can be quite addictive. But what to do about the engagement to a man she loathes versus the man she's fallen in love with?

By the time he was nineteen, Frank Schaeffer's parents, Francis and Edith Schaeffer, had achieved global fame as bestselling evangelical authors and speakers, and Frank had joined his father on the evangelical circuit. He would go on to speak before thousands in arenas around America, publish his own evangelical bestseller, and work with such figures as Pat Robertson, Jerry Falwell, and Dr. James Dobson. But all the while Schaeffer felt increasingly alienated, precipitating a crisis of faith that would ultimately lead to his departure—even if it meant losing everything. With honesty, empathy, and humor, Schaeffer delivers “a brave and important book” (Andre Dubus III, author of House of Sand and Fog)—both a fascinating insider's look at the American evangelical movement and a deeply affecting personal odyssey of faith.

In Mondo Nano Colin Milburn takes his readers on a playful expedition through the emerging landscape of nanotechnology, offering a light-hearted yet critical account of our high-tech world of fun and games. This expedition ventures into discussions of the first nanocars, the popular video games Second Life, Crysis, and BioShock, international nanosoccer tournaments, and utopian nano cities. Along the way, Milburn shows how the methods, dispositions, and goals of nanotechnology research converge with video game culture. With an emphasis on play, scientists and gamers alike are building a new world atom by atom, transforming scientific speculations and video game fantasies into reality. Milburn suggests that the closing of the gap between bits and atoms entices scientists, geeks, and gamers to dream of a completely programmable future. Welcome to the wild world of Mondo Nano.

Holly and the brooding new Earl of Castle Craigie... Angus Stuart is more used to managing boardrooms than castles, but when his father dies he finds himself thrust into an unfamiliar world. Returning home, he intends to sell the estate as quickly as possible. However, with Christmas around the corner, fate has other plans....

Showing up on his doorstep, Australian chef Holly McIntosh is bursting with festive cheer. But she's desperate for a job, and she's not taking no for an answer! Not usually one for taking a risk, Angus offers her a temporary position. But if anyone can melt this brooding earl's heart this winter, it's Holly!

R. H. Tawney was the most influential theorist and exponent of socialism in Britain in the 20th century and also a leading historian. Based on papers deposited at the London School of Economics including a collection of personal material previously held by his family, this book provides the first detailed biography. Lawrence Goldman shows that to understand Tawney's work it is necessary to understand his life. This biography takes a broadly chronological approach, and uses this framework to examine major themes, including Tawney's political thought and historical writings. Tawney was the most representative of Labour's intellectuals as well as the most influential, and the contradictions he embodied are evident in the general history of British socialism.
